HOW TO GET A PAIR OF SKATES.

THE HERALD'S SKATES.

Santa Saus is poor. He has few skates owing to an accident in his skate factory. The Herald will give the boys and girls a charce to get a pair of skates for themselves. Here is our scheme. To each boy who will bring in the money to pay for either three, four, five, six or eight months' subscriptions to the Dully Herald at & cents per month, we will present a pair of skates worth respectively \$6 cents, \$1.26, \$1.26 and \$2.00. To each girl who will bring in the maney to pay for either five or six months' subscriptions at the same rate we will present a pair of skates worth respectively \$1.00 and \$1.26. Note the conditions:

The subscribers must be new subscribers—we must have their names and nodresses—the money must be paid in advance.

rodresses—the money must be paid in advance.

This is the way to go at it: If you wish the \$1.25 pair, get one new subscriber to pay for five months, or five for one month, or one for two months and one for three months, or by any other combination to make up five months subscription.

Here is your chance to help your father by helping yourselves. Move guickly, for the offer will soon be withdrawn. Samples of the skates may be seen at The Herald office.
